"Our 43rd Year" of *Superior Liners*

GROWING BETTER ROOTS SINCE 1918

This list offers you the **BEST VALUE** in quality plants—with the best root system—for best results

Long ago, we gave up grafting. Our plants are on their **OWN**—not on borrowed **ROOTS**—no graft weaknesses.

Our proprietary "Chemurgic" processes and Mechanical Innovations produce **BETTER ROOTS** and **STURDY TOPS**.

We are strictly wholesale growers.

"A NURSEYMAN'S NURSERY."

SECT. I. contains our offering of Liners for bedding out, also potted liners for row planting. Seek our advice on Lining out Rhododendrons. We offer 40 years of experience in this field. We annually produce 100,000 cutting grown Rhododendron Named Hybrids in over 200 Varieties, also our own crosses of Choicest Rhododendron Seedlings.

SECT. II. offers field grown plants for retail sales, also bedded plants for setting in rows and counter-trade.

Due to popular demand for larger stock—we have lined out 75,000 Rhododendron Named Hybrids—in addition to a large assortment of other choice plants—over the last 4 years—many of which are offered herein.

Light—but safe—yet reasonable packing, enable us to ship **NATION-WIDE**.

Door-to-door, enclosed truck delivery can be arranged—at low rates.

A one price policy is maintained—but, large orders earn **QUANTITY DISCOUNT**.

This list is our only representative. Since we have no agents or salesmen, we deal "directly and correctly" with our customers.

On substantial orders: **PHONE "Person to Person—for VAN" EDgewood 4-1100**. Phone charge will be credited to your account.

Visit us when nearby—it's worthwhile . . . no obligation.

Order early to assure choice of varieties.

Your valued orders will have our prompt attention.

WESTBURY ROSE CO. INC.

WHOLESALE TERMS AND CONDITIONS

This list cancels all previous lists, order proposals and quotations. All orders are accepted, subject to prior sale. **PRICES:** (Net) F. O. B. Westbury, N. Y. (subject to change without notice).

Minimum order on parcel post and Railway Express shipments is \$25.00 in plant material.

RATES: Section I (Liners)—100 RATE: (One variety and size) 25—potted material; 50—flatted material; Rhododendron (Own Root) Transplants: 20 at 100 rate—except where noted. **1000 RATE:** 250 (one variety and size). When 1000 rate is earned deduct 10% from the 100 Rate. (Exceptions: as individually noted.)

NOTE: Potted Material—When 100 rate is not earned, no less than 5 of one variety and size, adding 20% to listed price (subject to seller's approval). **RATES: Section II**—See Section II.—Field Stock.

PAYMENT: Reasonable down payment with order and balance due on delivery (unless otherwise arranged). **INVOICES:** Net Cash. **CERTIFICATE:** Federal and State furnished. **SHIPPING:** At cost and risk of purchaser (mode and destination at seller's discretion, unless otherwise instructed). **PACKING: Section I (Liners).** Express and P. Post, etc.—5% (min. \$1). Packing our specialty. **PACKING: Section II (Field Stock)** See—Section II. **GENERAL:** All orders are accepted subject to prior sale, crop yield and to seller's final approval. No claims allowed after 10 days from receipt of goods. **WARRANTY:** Replacement only on proof plants are not true to name. Same quantity and size will be replaced without charge—F. O. B. Westbury L. I., N. Y. (All replacements are limited to purchase price only.)

RHODODENDRON

NAMED HYBRIDS

Hardy — Strong — Own Root — Transplants

This is a **PROFIT ITEM**—proven by more increased, repeat orders—each year—from steady, satisfied customers.

Our Rhododendron Liners, being "cutting grown," are **not** on borrowed tender roots; have **no** graft or union weakness and are **not** subject to understock suckering or disease.

We carefully select our cuttings from choice, healthy, vigorous, blooming named hybrids.

On their "own roots," our transplants are True-to-Name to the "tips" of their vigorous, healthy roots.

We produce **100,000 cutting grown Rhododendrons**, yearly in over 75 listed varieties and are hybridizing and testing many outstanding novelties.

Our Rhododendrons will develop **MORE** rapidly into strong, well branched, bushy, heavily budded stock—a welcome asset for the discriminating nurseryman.

Select TODAY!! from this list of interesting, choice Named Hybrids.

Ready MAY 1st—with vigorous tops and heavy, superbly rooted peat ball. . . . **THE FOLLOWING:**

RHODODENDRONS

50¢ Each at 100 Rate; 45¢ Each at 1000 Rate
for 260 or more of one variety. Each variety
sold in multiples of 20 only and 20 at 100 rate.

ALBUM ELEGANS. Vigorous upright type; good foliage — lovely white flowers.

CATAWBIENSE GRANDIFLORUM. One of the best for foliage. Flowers are rosy-purple. Prolific bloomer.

GIGANTEUM. A rose-red variety of vigorous habit.

ROSEUM ELEGANS. The **BEST** all round landscape plant. Forms a dense plant covered with good sized trusses of mauve pink.

RHODODENDRONS

75c Each at 100 Rate.

Each variety sold in multiples of 20 only and 20 at 100 rate. 1000 rates does not apply.

ALBUM GRANDIFLORUM. Large plant. Good foliage. Opens blush, turns white.

ALBUM NOVUM. Opens pale lavender then turns white. Lovely foliage.

CARACTACUS. An old standby with flowers of crimson. Habit of plant is excellent.

CATHERINE VAN TOL. A rugged, lovely pink flowering hybrid.

CHAS. BAGLEY. Lovely large trusses of rose-red; spreading habit.

CHAS. THOROLD. Purple, greenish-yellow eye; lovely foliage.

CUNNINGHAM WHITE. Dense, compact plant. Early white.

CYNTHIA. Immense red trusses; rapid grower.

FASTUOSUM fl. pl. Pale lavender-purple flower; inclination to double up.

F. D. GODMAN. Deep red effect caused by dark pattern on upper lobe of flower.

IGNATIUS SARGENT. Most handsome. Individual flowers, very large; light red with paler throat.

75c Each RHODODENDRONS — Continued

- KATE, WATERER.** Beautiful Pink with a Yellow eye.
MC INTOSH. Aniline red; vigorous grower.
MIDSUMMER. Very late blooming variety; deep pink with ochre throat.
MINNIE. Blush white; orange pattern.
PARSONS GLORIOSUM. Profuse Bloomer—lavender-pink; healthy, vigorous plant.
PRINCE. CAM. de ROHAN. Large blush flowers with carmine spots and dark throat.
PURPUREUM CRISPUM. Purple flowers with wavy lobes.
PURPUREUM ELEGANS. Good hardy purple; excels for foliage and plant habit.
PURPUREUM GRANDIFLORUM. Reliable purple with large dark green leaves.

ROSEUM PINK. A select form of Roseum Elegans, having the same good plant habit with large trusses of **clear pink** flowers.

- ROSEUM SUPERBUM.** Clear, soft pink; late bloomer.
SAPPHO. White with maroon blotch.
VAN der BROCK. Aniline red; vigorous grower.

RHODODENDRONS

90c Each at 100 Rate.

Each variety sold in multiples of 20 only and 20 at 100 rate. 1000 rate does not apply.

DEXTER ORCHID. Fool proof hybrid, with large orchid trusses.

DEXTER PINK. Delicate shade of soft pink; very hardy.

DEXTER PURPLE. Soft purple; good plant habit.

DEXTER RED. Early brilliant.

LEE'S BEST PURPLE. Deep Purple. Excellent plant habit.

MRS. R. S. HOLFORD. Large trusses of salmon-red.

SEFTON. The darkest colored Rhododendrons; deep maroon.

FOR EQUITABLE DISTRIBUTION OF ALL THE ABOVE RHODODENDRONS, REDS ARE LIMITED TO 40% OF TOTAL RHODODENDRON ORDER.

FIELD GROWN RHODODENDRON NAMED HYBS. — See SECTION II

RHODODENDRONS - Small-leaved (Dwarf) Varieties

4 - 6" TF 40c Each at 100 Rate

Each variety sold in multiples of 20 only and 20 at 100 rate. 1000 rate does not apply.

KEISKEI. Small foliage, dwarf species with yellow flowers.

MYRTIFOLIUM. Dwarf pink, short-pointed leaves; good for low plantings.

RACEMOSUM. An excellent dwarf. Pink flowering species, ideal for rock gardens and low foundation plantings.

WILSONI. Excellent, compact plant habit—ideal for rock gardens or foundation planting; flowers pink.

The following small-leaved varieties are available in selected transplanted seedlings: See page 13.

*R. CAROLINA

*R. KEISKEI

*R. RACEMOSUM

(*)Available FALL as well as SPRING.

See following pages for a COMPLETE LIST of choice Rhododendron Seedlings — Heavy Transplants.

NOVELTIES in Small Leaved Rhododendrons

Strong — Transplanted — Rooted Cuttings

We consider these Rhododendron Novelties the hardest of all the new, small-leaved or dwarf varieties produced recently. 60c EACH AT 100 RATE. Each variety sold in multiples of 20 only and 20 at 100 rate. 1000 rate does not apply.

PURPLE GEM. Outstanding dwarf with flowers of intense purple. A gem in its class. A lovely plant even when not in bloom.

RAMAPO. Very desirable for base planting. Always sure to furnish countless orchid colored flowers. Dense habit of growth.

WINDBEAM. Lovely shade of delicate pink; multiple trusses, smothering the whole plant when in bloom. Foliage and plant habit are excellent.

DEXTER HYBRIDS

Own Root (Cutting Grown) Transplants

We have tested over a hundred plants which were chosen as the best out of thousands of the so-called "Dexter Hybrids" planted along the Eastern Seaboard. The following were selected for their outstanding flowering, foliage and plant habit. \$2.00 EACH (only 5 of a variety per customer); \$2.50 EACH for less than 5 of a kind.

AMETHYST. Huge frilled lavender flowers over four inches across. Vigorous plant habit; never fails to bloom.

DEXTER HYBRIDS — Continued

BROOKVILLE. Charming large pink. Similar to Wheatley, blooming 10 days later.

MRS. WM. R. COE. Deep, brilliant pink with crimson throat. Immense trusses with flowers over four inches across. Lovely, glossy, dark green foliage.

SCINTILLATION. Large trusses of luminous pink flowers of exceptional substance. Dark green, handsome foliage. Ideal plant habit. One of the hardiest of the Dexter class.

WESTBURY. A lively pink flowering selection with golden sparkle in throat. Very floriferous; compact plant habit.

WHEATLEY. Upstanding trusses of delicate pink flowers. Exceptional foliage and plant habit. Holds color well in open situation.

FOR EQUITABLE DISTRIBUTION, THE "DEXTER HYBRIDS" ARE LIMITED TO 25% OF TOTAL RHODODENDRON ORDER.

•Rhododendron Hybrid Seedlings

We offer plants grown only from hand-pollinated seeds. After many years of experience in growing hybrid seedlings, we have found it a waste of time to grow plants which were produced from open (uncontrolled) pollinated seeds.

Heavy Seedlings — Transplants — 1 Yr. TF (S)

Order in Multiples of 50 — 50 at 100 rate; 250 one variety at 1000 rate.

•RHODODENDRON CATAWBIENSE NAMED HYBRID CROSSES

25c Each at 100 Rate. (22c Each at 1000 Rate).

ATROSANGUINEA X AMERICA. The results of this cross show a better plant habit than either of its parents.

CHAS. DICKENS X ATROSANGUINEA. Both parents are recognized for hardiness and considered reliable red varieties.

CHAS. DICKENS X KETTLEDROM. Another good cross to produce very hardy red hybrids.

GLASS WHITE. Our native hardy white.

KETTLEDROM X AMERICA. This cross should produce very interesting red flowering plants.

KETTLEDROM X CHOCOLATE SOLDIER. For darker shades of crimson. The male plant is a very deep maroon.

•RHODODENDRON DEXTER (FORTUNAE) AND SPECIAL CROSSES

30c Each at 100 Rate (25c Each at 1000 Rate)

HELEN EVERITT X CATANEA. Pure white prize winner crossed with a selected form of Glass White Catawbiense.

SCINTILLATION X AMERICA. This cross may produce more intense shades of pink.

SCINTILLATION X PARKER PINK. One of the hardiest combinations in the best outstanding Dexter varieties.

SCINTILLATION X WHEATLEY. Two of the best pink Dexters. Plant habit—trusses and flowers—excellent.

WHEATLEY X MRS. WM. R. COE. The male parent produces deep pink flowers over four inches across with a dark throat blotch.

•RHODODENDRON SPECIES

The following plants are grown from seed collected from the best type of each true species.

25¢ Each at 100 Rate. (22¢ Each at 1000 Rate).

CAROLINA. Seed selected from an outstanding pink type, having excellent plant habit.

KEISKEI. Small foliage dwarf species with yellow flowers. Seeds from best, hardy clones.

RACEMOSUM. An excellent dwarf pink flowering species, ideal for rock-gardens and low foundation plantings.

RHODODENDRON

Named Hybrids

FIELD GROWN — NOT SHADED

Bushy — Own Root — Strong — Well Branched

Asterisk (*) denotes plant with FLOWER BUDS.

Many nurserymen are not equipped or inclined to bed out small liners from greenhouses. Upon popular demand we have bedded some of our excellent, **OWN ROOT** Rhododendron — True to Name — Hybrids.

RHODODENDRONS Continued

THESE PLANTS were grown with special care and expert supervision.
 — are free of insect and disease damage — are strong, well
 branched, bushy stock with ample root supply — are on **OWN**
ROOTS — no suckering or weakness resulting from grafting.
THE LARGER SIZES can be used for landscape or sales to home
 owners, while the **medium sizes** can be planted in 3 ft. rows,
 2 ft apart, assuring a nice supply of saleable Rhododendron
 Named Hybrids. (Many of our customers also offer the **Medium**
Sizes directly to the consumer.)

We Offer the Following: Balled & Burlaped

RHODODENDRONS

		E A C H			
(Sizes refer to height)		B&B	1-9	10-49	50-249
ALBUM ELEGANS. Upright type— good foliage. Lovely white flowers.	8-10"	1.85	1.55	1.25
